Why EASY?

User friendly
The Software is designed for users with less accounting knowledge and exposure. Therefore, anyone and everyone can use the software with ease and make sense out of it.

Hassle free set up
The Software is designed to configure itself as per your business need in no time. No installation required.

Easy accessibility
All the data is stored in the cloud which makes it easy to access it from anywhere, anytime with your mobile, laptop or your desktop.

Connect with your bank and go paperless
The software makes it convenient to connect to your bank account within seconds and allows you to remove unwanted files which would complicate things.

Tax enable intuitive dashboard
The smart software permits you to take snapshot of your financial outcomes at a glance and empowers you to make auto tax adjustments to your account.

Advanced security
256-bit encryption empowers Easy software to secure all important information.
Recognised by Chartered Accountants
Easy Accountax is a simple & smart accounting software, which needs no training. It is designed & developed under CAs guidelines.

Reports at the push of a button
Get your business financial reports like P&L, balance sheet, trial balance and many more at a push of a button.

Accessibility control
In depth Permission Control let’s you define who can access what giving you total control on your financial information.

ALL YOU NEED IN ONE BOX

Auto invoicing and billing
Built-in invoicing and billing templates help you generate the invoices & bills automatically that saves you time and extra work.

Document scanning
Easily scan your bills & reports into easy using our mobile app. No need to store paper receipts anymore.

Notification - get paid on time
Automatic reminders help you in chasing unpaid invoices.
Mailing invoices is just the beginning. The software is designed to run your whole business with ease.

Fewer efforts and better results

**Strong recurring invoicing system for repeat business**

Easy automatically creates, saves and emails recurring invoices for you. It takes the work out of remembering to invoice regular customers.

**Auto payment reminders**

Easy can send automated invoices for you. All you have to decide is when and how often the reminders are sent out.

**Synchronize bookkeeping on the go**

The software automatically synchronizes the bills and payment information with every entry thus keeping the bookkeeping ready with each entry.

**Mobile invoicing**

As soon as the job is done you can send the invoice with a touch of a button.

**Billing on the go**

The accounting software allows you to connect your client’s credit card to your account aiding you payments in less than 2 days.
